

JUSTICE FROM BEAN TO CUP!

STARBUCKS, the world's largest coffee chain, is guilty of:

- Paying prices that leave coffee farmers in brutal poverty
- Waging a ruthless union-busting campaign against baristas seeking a living wage
- Widespread labor and human rights violations

STARBUCKS MUST BE HELD ACCOUNTABLE ON OUR CAMPUS & IN OUR COMMUNITY!

Justice from Bean to Cup! is the international campaign demanding that Starbucks make a meaningful commitment to coffee farmers and respect the fundamental right of baristas to join a union. Take a stand now!
